## CHAIRMAN MESSAGE

---

The P. E. S. College of Engineering is one of the leading educational institutions in Karnataka and it has been immensely helpful in providing adequate technocrats to fast growing industrialization in our country. The vision of our institute is based on hard work, open communication, a strong emphasis on team work and a high level of responsibility. This visionary culture allows and emphasizes our wards not only to adopt the present day challenges but also individual responsibilities to the society and our nation at large.

Learning should be based on doing things and not merely knowing things. Until and unless learning solutions relate to real life and motivate the learner to acquire and apply the knowledge, the whole process will remain superficial. Any engineering institution worth its name looks to optimize the productivity of global leaders. Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical education.

The service of the institution in creating personally mature, professionally equipped and service-oriented graduates is really worth mentioning. We strongly believe in academic excellence and do not compromise on teaching standards or discipline. These three things are the springboards on which we operate.

The future is yours – set goals, confront challenges and seize opportunities. Make sure you have a purpose and a passion for what you pursue. As you celebrate your accomplishments today, may you honour the God who has brought you thus far and continue to depend on Him for guidance, as you navigate this thing called LIFE.

People who feel good about themselves produce good results and people who produce good results feel good about themselves. We also believe in total learning and sharing.”

Congratulations and my very best wishes to the Graduating Class of 2022.

**Sri. K S Vijay Anand**  
***Chairman, People's Education Trust®***
