

P.E.S.COLLEGE OF ENGINEERING
DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

Alumni Survey:

Name: Yashwanth- Co. M

Sl.No	Question	Rate the questions with the grades 3- High, 2- Moderate, 1- Low
1.	Are you able to apply the basic knowledge of fundamental courses studied?	2
2.	To what extent the course learned helps to identify, formulate and solve Electrical and Electronics Engineering problems?	2
3.	Does the design of an electrical and electronic circuit system helps in your carrier?	2
4.	Based on the learning are you able to design, analyse and conduct experiments to progress in your carrier?	2
5.	To what extent the available modern software tools are sufficient to model and analyse problems related to Electrical and Electronics Engineering?	2
6.	To what extent the impact of local and global issues of addressed are helping?	2
7.	What is the level of sustainable solutions which you can be provided for the Engineering problems?	2
8.	What is the level of knowledge of professional ethics and code of conduct helps in your carrier?	2
9.	Have you attained the ability to become a member or a leader in diversified area and to what extent?	2
10.	To what extent the communication skill attained in both verbal and written form helped in your carrier?	2
11.	What is the level of confidence to plan, execute and complete the projects assigned to you?	2
12.	To what extent the program helps in self-education and lifelong learning	2
13.	To what extend the program helps them to develop modules, analyze the performance of power system, generation, transmission, utilization and protection equipments.	2
14.	To what extend the program helps them to design test, deployed control strategies for power electronics, drives, power system networks and high voltage related applications	2

Course End Survey: Course outcome attainment: Indirect method

Course: Digital Electronic Circuits (P17EE34)

Name: SEVANTHI N

USN: 4PS17EE021

Sl.No	Question	Rate the questions with the grades : 3- High, 2- Moderate, 1- Low
1.	Are you able to Identify basic gates to solve Boolean equations and logical expressions.	2
2.	Are you able to Design and analysis of combinational circuits	2
3.	Are you able to Design and analysis of sequential circuits and encoder, Decoder.	2
4.	Are you able to Develop competency in analyzing different types of counters and shift registers	2
5.	Are you able to Interpret different types of A/D & D/A converters	2

Employer Survey: Indirect method

Dear
Esteemed Employer,

We extend our heartiest thanks on behalf of PES College of Engineering, Mandya for giving our alumni an opportunity to work with your prestigious Company/Organization. We shall very much appreciate and be grateful to you if you can spare some of your valuable time to fill up this feedback form. It will help us to improve the quality of education and training and also help us to identify the gaps that exist between the course curriculum and industry expectations. It should not be linked with the performance assessment of the employee. Rate the questions to your level of satisfaction: **3- High, 2- Moderate, 1- Low.**

How satisfied are you with the student work performance in ability to apply knowledge of science in solving engineering problems?

High

Medium

Low

Other: _____

How satisfied are you with the student work performance in ability to identify and analyze engineering problems?

High

Medium

Low

How satisfied are you with the student work performance ability to design solutions to engineering problems? *

High

Medium

Low

Other: _____

How satisfied are you with the student work performance in ability to use engineering techniques to design, analyse and conduct experiments to progress in carrier? *

High

Medium

Low

How satisfied are you with the student work performance in ability to test equipment and software tools for solving engineering problems? *

High

Medium

Low

How satisfied are you with the student work performance in level of concern displayed for societal health, safety and cultural issues whilst working on engineering problems?

- High
- Medium
- Low

How satisfied are you with the student work performance in level of concern displayed for environmental safety and sustainability whilst working on engineering problems?

- High
- Medium
- Low

How satisfied are you with the student work performance in level of adherence to personal and professional ethics whilst working on engineering problems?

- High
- Medium
- Low

How satisfied are you with the student work performance in ability to provide solutions in engineering problems individually and as a member of the team?

- High
- Medium
- Low

How satisfied are you with the student work performance in ability to communicate effectively both verbal as well as written? *

- High
- Medium
- Low

How satisfied are you with the student work performance in ability to apply project management skills whilst working an engineering solution?

- High
- Medium
- Low

How satisfied are you with the student work performance in ability to upgrade continuously and apply engineering knowledge to provide solutions on his/her own?

- High
- Medium
- Low

How satisfied are you with the student work performance in design/develop modules using electrical devices?

- High
- Medium

Sl.No	Question	Rate the questions with the grade: 3- High, 2- Moderate, 1- Low
1.	Do you find the prerequisites provided for all the courses is sufficient?	3
2.	Are you able to identify, formulate and solve Electrical and Electronics Engineering problems?	3
3.	Could you able to design an electrical and electronic circuit system for the given specifications?	2
4.	Are you able to design, analyze and conduct experiments on the courses learned?	1
5.	Have you used the available modern software tools to model and analyze problems related to Electrical and Electronics Engineering?	2
6.	Could you able to understand the impact of local and global issues of Electrical Engineers.?	2
7.	Are you able to provide sustainable solutions for the given Electrical and Electronics Engineering problems?	2
8.	Could you able to acquire sufficient knowledge of professional ethics and code of conduct during the program?	2
9.	Are you able to attain the ability to become a member or a leader in diversified teams?	2
10.	Does the communication skill becomes more effective in both verbal and written form?	3
11.	Could you able to plan, execute and complete the projects assigned to you?	3
12.	Do you have the ability for self-education and lifelong learning?	3
13.	Do you have the ability to develop modules, analyze the performance of power system, generation, transmission, utilization and protection equipments?	3
14.	Do you have the ability to design test, deployed control strategies for power electronics, drives, power system networks and high voltage related applications?	3

I&P Engineering Department, PESCE, Mandya. Program Exit Survey Form

Dear Alumni,

Greetings from I&P Engg Dept., PESCE, Mandya. We are very proud to have a student like you. Your performance and the skill set that you have gained and exhibited during and after the study period gave us strength to grow up. We are eager to share your opinion about the program, by spending a moment of time in responding to this survey. The survey is conducted in order to obtain information about the program for planning and in assisting the current students.

Sincere thanks for your cooperation
